Berlin, Feb. 13.—Police reinforcements, hurried from Darmstadt, were thrown into the entire Russelsheim district today, to prevent a wholesale communist attack on the General Motors-Opel automobile works there.

Arrests of communist agitators involved on a violent assault on the plant yesterday continued through the night, and 30 leaders were in custody today.

Meanwhile the workers' council at the plant met to determine the next step to combat the forceful intervention of police in the communist-inspired strike of 200 employees.

Investigation of the strike shows that it was far more serious than at first reported.

Two hundred agitators from Frankfurt and Offenbach entered the factory yesterday and distributed leaflets which read:

"Not a wheel may turn! Long live the red revolution!"

As they poured through the factory, the men committed acts of sabotage, attacking and damaging the machinery and smashing the boilers.

Fearful of the influx of hundreds more from other Prussian cities, the police closed all bridges and roads from Frankfurt and other centers to traffic, and threw their lines around the factory district.

Arrest of the agitators and the rapidly with which the government threw its forces into the American-controlled plant was viewed here as indicating its strong purpose to protect foreign capital in Germany.

The strike is said to have originated in a sympathy movement for three communist workers who had been discharged. Few of the employees responded to the call, however, as most of the damage was caused by the visiting rioters.

Russelsheim, Germany, Feb. 13.—The workers' council of the Opel-General Motors works decided today to support the trade unions in opposing disturbances at the big automobile plant here.

The council passed a resolution condemning the strike of 200 men, which was called by Communist Lenjool, and appealing to employees to maintain order.

St. Paul, Feb. 13.—(U.P.)—Charges of bad conditions in Minnesota and corruption in the state's federal prohibition enforcement personnel were "dirty, cowardly and contemptible," Andrew J. Volstead, author of the enforcement act said today.

Volstead referred to statements made by Walter Liggett, magazine writer, before the house judiciary committee. S. B. Qvale, northwest prohibition administrator, seconded Volstead's replies to the writer.

"Liggett talked of disreputable beer farms in the St. Cloud area near Sauk Center," Qvale said. "He spoke as if they were being conducted with protection from federal agents but most of them have been raided within the last month."

"The central Minnesota area has always been a sore spot in enforcement. But Liggett's statements are not strictly the truth."

Volstead, who is legal advisor to the prohibition bureau here, said all the agents in his department are "strictly honest and devoted to their duties."

"Charges against our agents are cowardly and contemptible 'wet' slander. We ask Mr. Liggett to prove his charges."

GROUP OF RESOLUTIONS TO REPEAL OR MODIFY THE 18TH

Washington, Feb. 13.—Women anti-prohibitionists were given the center of the stage today as the house judiciary committee continued the hearings it started yesterday on a group of resolutions to repeal or modify the eighteenth amendment.

Mrs. Mary Norton, democratic congresswoman from New Jersey, who is sponsoring one of the measures under consideration, and Mrs. Charles H. Sabin, former republican national committeewoman from New York, were summoned by Chairman Graham of the committee to present their arguments.

Mrs. Norton's resolution provides for a national referendum on a proposal to repeal the eighteenth amendment. The vote would be conducted by each state within its own boundaries but the outcome would depend upon the total popular vote from all.

If majority favored repeal, the eighteenth amendment would be revoked automatically.

The committee will adjourn after today's hearing until next Wednesday to allow time for both sides to mobilize their witnesses. Tentative plans of the committee call for two weeks of hearings, the first for the wets and the second for the dries.

Dry members of the committee, who outnumber the wets about four to one, made no secret of their displeasure at the predicament in which Graham placed them by calling the hearings on his own responsibility and starting them off with a wet statement.

They have no alternative now but to sit by quietly providing the excuse for a complete airing of the prohibition controversy.

Washington, Feb. 13.—A challenge to the dries to allow a national referendum on prohibition was issued at the house judiciary committee's prohibition hearing today by Mrs. Mary Norton, democratic congresswoman from New Jersey.

Mrs. Norton urged adoption of her resolution providing for a plebiscite on the proposition of repealing the 18th amendment.

CONFLICT BETWEEN U. S. GREAT

By RAYMOND CLAPPER
(United Press Staff Correspondent)
London, Feb. 13.—Japan and France issued statements today outlining their naval views at the five power conference.

France gave a definite figure of her tonnage requirements, estimating her needs in 1936 at 624,479 tons. Upon certain conditions and with reservations.

The memoranda of the two powers were added to those previously issued by the United States and Britain as outlining the issues of the conference, with only Italy still to state her views.

Japan agreed in a general way on battleship restriction in number, gun size and tonnage, emphasized her need for an adequate fleet of large cruisers and approved a battleship building "holiday" until 1936. France said that in case the holiday were agreed upon, she would accept a total of 105,000 tons of battleships.

France declared her profound conviction that any armed conflict between Britain, the United States and France is unthinkable. She reiterated her renunciation of war under the Kellogg treaty, declaring that her naval program is strictly along the lines of defense in conformity with international agreements, particularly the Kellogg treaty.

France also, for the first time formally interjected into the conference the insistence that any decision taken on naval limitation should be considered in relation to the further problem of the limitation of land and air armaments.

London, Feb. 13.—(U.P.)—France issued a memorandum today outlining its view on naval reduction.

The memorandum said that in case a battleship building "holiday" until 1936 is agreed on, France would accept a total of 105,000 tons of battleships. France insisted that any decision of the London conference should be taken in relation to the problem of the limitation of land and air armaments.

France is profoundly convinced that any conflict among the United States, Great Britain and France is unthinkable, the memorandum said. It declared that the French naval program corresponds to a strictly defensive policy conforming to international agreements, particularly the Kellogg anti-war treaty.

Port au Prince, Haiti, Feb. 13.—(U.P.)—Twenty alleged rioters, including Justin D. Sam, leader of the recent Damien strike, were held in jail today to face charges of inciting an anti-government demonstration. Eleven of the 31 arrested in the clash between a crowd of 500 and a group of native constabulary, were released with a warning not to repeat yesterday's disorders.

House
Debates independent offices appropriation bill.
Judiciary committee continues prohibition hearings.

Continues committee hearings on Northern Minnesota conservation bill.
Continues committee hearings on bills to amend the Mississippi river flood control act.

Resumes committee hearings on Muscle Shoals bill.
The memorandum said. It emphasized that Japan attaches special importance to cruisers with 8-inch guns.

"Adequate limitation" of flotilla leaders and destroyers was advocated and also limitation of the number of flotilla leaders.

Japan considers it necessary to maintain a strength in auxiliary classes in adequate proportion to that of the other powers concerned. Therefore, if those powers reduce, Japan is prepared to reduce proportionately.

"The Japanese delegation," the memorandum said, "is ready to agree not to lay down any capital ships until 1936. It also deems it desirable that an agreement should be reached to reduce in size to 25,000 tons from 35,000 tons."

The broad Japanese position on strength was made clear when, after referring to the importance of 8-inch gun cruisers, the memorandum said Japan "desires to maintain a strength sufficient for national defense, taking into consideration the strengths held by the other powers."

Japan desires to maintain a minimum strength in cruisers and destroyers sufficient for national defense,

SUGGESTS JAPANESE
PLAN FOR BUYING
AND STORING RICE

St. Paul, Feb. 13.—(U.P.)—Commissioner Leon M. Estabrook of the United States department of agriculture today suggested the Japanese plan for buying and storing rice as a model for the federal farm board's wheat dealings.

"Since the world war Japan has maintained a stabilized grain price by purchasing the surplus rice production during the plentiful period," Estabrook said. "The rice is stored by the government in concrete warehouses where it may be kept unsold for indefinite periods. In less plentiful periods, the rice is released on the market and prices are kept normal."

The agricultural commission is here to address the Central Co-operative association today.

SENATORS GLASS AND NYE CONTEND JUDGES ARE RUNNING THE COUNTRY

Washington, Feb. 13.—(U.P.)—The fight against confirmation of Charles Evans Hughes as chief justice of the United States was turned in the senate today directly upon the majority now dominating the supreme court.

Starting the third day of debate on Hughes' appointment to succeed William Howard Taft, Senators Carter Glass, democrat, Virginia, and Gerald Nye, republican, North Dakota, contended the judges now are running the country.

"There are many of us here who believe the supreme court has been turned far afield from its original functions," Glass said. "It has become a court for determination of economic and social questions rather than for the interpretation of the law."

Nye quoted Chief Justice Clark of North Carolina and Justice Ford of New York, in developing his argument concerning the power of the judiciary to overturn the acts of the people's representatives in congress.

St. Paul, Feb. 13.—The state railroad and warehouse commission today ordered the Northwestern Bell Telephone Company to reduce switching rates and improve service on nine rural lines operated out of Fergus Falls.

The order said the Bell Company formerly owned the lines, but sold them to individuals under an agreement to take care of switching calls at a cost of \$3 for each subscriber.

During the war the switching fees were increased to \$6 and the railroad and warehouse commission ordered the company to return the \$3 fee.

The commission also authorized the Tri-State Telephone and Telegraph Company to purchase the Arcola Rural Telephone Company and grant the Villard Telephone Company permission to operate an exchange at Villard.

SAYS TRI-STATE
TELEPHONE RATES
SHOULD BE LOWER

L. R. BITNEY, STATISTICIAN OF
STATE RAILROAD, WAREHOUSE BODY IN REPORT

REDUCTION SHOULD BE FROM 9
TO 12 PER CENT IN
MINNESOTA

St. Paul, Feb. 13.—(U.P.)—L. R. Bitney, statistician of the state railroad and warehouse commission, today issued a report declaring rates of the Tri-State Telephone and Telegraph Company should be reduced from nine to 12 per cent in Minnesota.

The statistician said his report was compiled from the company's own figures. He said company officials could not disagree with his report in the same way they questioned a valuation report made by the railroad and warehouse commission.

In the statement filed today with the commission, Bitney said:

Income of the company for 1928 was \$551,199 in excess of the amount required to pay operating expenses, including depreciation and 7 per cent return on money invested.

A dividend of 12 per cent was paid in 1928. In the years from 1922 to 1927 inclusive dividends of 8 to 9 per cent were paid.

Despite these heavy dividend payments, and a \$200,000 donation to the employees' benefit fund, a surplus of \$1,714,738 remains.

During the past seven years, the credit balance in the depreciation reserve increased \$2,083,579.

Even on the basis of full book value of the company a general reduction of 9 per cent is indicated and on the basis of depreciated book value the reduction should be 12 per cent.

Reductions indicated for various towns and cities, the first figures being based on the full book value and the second on depreciated book value, Bitney said, include:

Rochester 9.3 and 13 per cent; Winona 24.9 and 27.2; Faribault 3.6 and 6.8; Red Wing 3.8 and 6.6; Stillwater 11.4 and 13.9; Pipestone 1.5 and 4.4.

St. Paul, Feb. 13.—The state railroad and warehouse commission today ordered the Northwestern Bell Telephone Company to reduce switching rates and improve service on nine rural lines operated out of Fergus Falls.

BORDER CUSTOMS GUARD IS
CHARGED WITH SECOND DEGREE MURDER

IS CHARGED WITH SHOOTING
HENRY VIRKKULA, BIG
FALLS CONFECTIONER

Duluth, Minn., Feb. 13.—(U.P.)—One woman and eleven men today listened to the testimony which will aid them in determining if Emmet White, border customs guard, was guilty of second degree murder when he shot Gust Henry Virkkula when the Big Falls confectioner failed to halt for a liquor inspection last June 8.

After examining 39 prospective jurors, the jury was selected.

Questioning of the jurors included hostility to the prohibition law.

The entire jury appeared after a night under guard. Judge W. A. Cant ordered the guard because the trial was being used by both wets and dries as possible campaign material.

The jury comprises: Mrs. J. M. Harney, Mahanomen, Minn., housewife.

Ole Ois, Roseau, life insurance agent and retired farmer.

J. C. Hagen, Barret, school janitor.

George M. Hirsch, Moorhead, funeral director.

R. M. Puiber, Duluth, engineer.

Ed A. Salseth, Watson, farmer.

A. B. Trana, Vining, lumber dealer.

Joseph M. Wise, Lake City, real estate dealer.

Ole H. Olson, St. James, retired farmer.

W. A. Hauck, Redwood Falls, grocer.

M. L. Eberling, Owatonna, retired farmer.

Charles C. Applehagen, Duluth, sales manager.

Mrs. Virkkula, who was with her husband the night he was shot, could not find a place in the crowded courtroom until she was recognized.

She stood in the aisle weeping softly with her two daughters.

RIVALS OF CAPONE

SURPRISED IN CONFERENCE IN
A WEST SIDE HAUNT
OF CITY

UNPAID POLICE ROUND UP THE
2,500TH SUSPECT IN THEIR
DRIVE

By RAY BLACK
(United Press Staff Correspondent)
Chicago, Feb. 13.—Five chiefs of the notorious O'Donnell gang, rivals of Al Capone's host, surprised at a "directors' meeting" in a west side haunt, were in jail cells for a time today as the unpaid police rounded up the 2,500th suspect in their drive to run gunmen out of the city.

Drawn shades at the Cafe Barroscotti, a second floor restaurant in West Madison Street presumably owned by Steve O'Donnell, brother of "Klondike" O'Donnell, czar of the west side beer and alky racket, drew the attention of a squad of police cruising for gunmen and hoodlums. The police crashed in.

Seated about the table in a cubicle partitioned off from the rest of the place were the quintet whose names have been associated with murder, gang domination, safe-blowing, bomb terror and liquor running for at least ten years.

Two lesser lights of the gang also were there and an eighth man suspected of connection with the O'Donnells walked in. Two revolvers were in coats that hung on wall pegs. No one would admit ownership of the coats but a glove in one of them was equipped with cork stubs in the fingers. Police said the glove fit the hand of "Three Fingers" Jack White, one of the conferees.

At the moment the police leveled guns at the members of the gang cabal, another conference was in session at the headquarters of the secret law enforcement committee of big business headed by Robert Isham Randolph, former army engineer and now president of the Chicago Association of Commerce.

The generalissimo of the business army against the gangs had told his aides that racketeers constituted the most dangerous threat to orderly government in Chicago.

"There is not an industry, not a business in Chicago that isn't paying tribute," he later reiterated. "Some of it is direct, some indirect but the public is paying in increased taxes, higher tailoring bills, bigger laundry bills, higher rent and in a score of other ways."

In the words of Chief of Detectives Egan, the names of the five leaders caught in the west side cafe would "grace a penitentiary roster or a hangman's warrant."

They are: Myles O'Donnell, another brother of "Klondike," and co-dictator of the beer racket in which the gang pioneered. Questioned at the time Assistant State's Attorney William H. McSwiggan was murdered in a Cicero street.

Bernard O'Donnell, another of the notorious brothers and a gang overlord in certain districts.

George Arker, ex-convict and sole survivor of the "four horsemen" of gangland. As business agent of the coal teamsters' union he has terrorized the coal industry of the city.

William "Three Fingers" White, claimant to the business managership of the city ash wagon haulers' union, three months out of the penitentiary, an off-convicted safe blower.

Mike Quirk, former saloonkeeper with a long police record, once accused of murder.

The three minor hoodlums are Frank Lacey, John O'Connor and Edward Sirnek.

When a newspaper photographer flashed his powder to take a picture at police headquarters, Myles O'Donnell fainted away.

"I thought I was shot," he said. "His attorney entered a plea to that effect and he was released on bail. The others were held."

The men will be turned over to the state's attorney's office for possible indictment under the new criminal court procedure.

Chicago, Feb. 13.—The seventeenth bomb in Cook county since the first of the year was exploded in a boiler shop today. Damage was approximately \$200. Michael Daneau, owner of the shop, said he had no enemies and he had not been in labor difficulty. The shop is next door to the Central Paper Stock Company, damaged by a bomb on Jan. 29.

Chicago, Feb. 13.—On the tenth day after the city council instructed Mayor William Hale Thompson to co-operate with the citizens' "relief committee" headed by Attorney Silas H. Strawn, the city administration and the Strawn group were still at loggerheads while conditions among more than 40,000 unpaid employees of local governments grew more desperate hourly.

Japan agreed in a general way on battleship restriction in number, gun size and tonnage, emphasized her need for an adequate fleet of large cruisers and approved a battleship building "holiday" until 1936. France said that in case the holiday were agreed upon, she would accept a total of 105,000 tons of battleships.

France declared her profound conviction that any armed conflict between Britain, the United States and France is unthinkable. She reiterated her renunciation of war under the Kellogg treaty, declaring that her naval program is strictly along the lines of defense in conformity with international agreements, particularly the Kellogg treaty.

France also, for the first time formally interjected into the conference the insistence that any decision taken on naval limitation should be considered in relation to the further problem of the limitation of land and air armaments.

London, Feb. 13.—(U.P.)—France issued a memorandum today outlining its view on naval reduction.

The memorandum said that in case a battleship building "holiday" until 1936 is agreed on, France would accept a total of 105,000 tons of battleships.

France insisted that any decision of the London conference should be taken in relation to the problem of the limitation of land and air armaments.

France is profoundly convinced that any conflict among the United States, Great Britain and France is unthinkable, the memorandum said. It declared that the French naval program corresponds to a strictly defensive policy conforming to international agreements, particularly the Kellogg anti-war treaty.

London, Feb. 13.—Reduction of the number of battleships and a replacement holiday until 1936 were advocated today in a memorandum issued by the Japanese delegation to the naval conference.

The memorandum, outlining the Japanese position for the first time, proposed reduction of the size of battleships from 35,000 tons, as provided by the Washington treaty, to 25,000 tons.

It also advocated reduction of guns to 14 inch calibre and extension of the age of battleships to 26 years. A maximum individual tonnage for 6-inch gun cruisers was advocated between 7,000 and 7,500 tons.

Japan proposed to maintain its existing force of submarines and advocated an age-limit for submarines of 13 years, the memorandum said. Japan now has 64 submarines and is building seven.

An age limit of 20 years for small cruisers was advocated by the memorandum, and of 16 years for destroyers.

Japan advocates that provisions for the limitation of aircraft carriers should be extended to carriers of less than 10,000 tons. The age limit of carriers over 10,000 tons would be extended from 20 to 26 years, and that of smaller carriers would be fixed at 20 years.

The memorandum reiterated Japan's opposition to the abolition of submarines, but expressed a disposition to co-operate in restricting submarine activities against merchant ships.

The Japanese agreed to the proposed compromise between the global and categorical methods of limitation—that is, limitation by total tonnage of a navy, or by tonnage in each class of ships. The memorandum favored a formula for limitation which would allow transfers between certain categories—the same formula already being favorably discussed by the delegates.

Japan desires to maintain a minimum strength in cruisers and destroyers sufficient for national defense, by the other powers.

SUGGESTS JAPANESE
PLAN FOR BUYING
AND STORING RICE

St. Paul, Feb. 13.—(U.P.)—Commissioner Leon M. Estabrook of the United States department of agriculture today suggested the Japanese plan for buying and storing rice as a model for the federal farm board's wheat dealings.

"Since the world war Japan has maintained a stabilized grain price by purchasing the surplus rice production during the plentiful period," Estabrook said. "The rice is stored by the government in concrete warehouses where it may be kept unsold for indefinite periods. In less plentiful periods, the rice is released on the market and prices are kept normal."

The agricultural commission is here to address the Central Co-operative association today.

THIRD DAY OF
DEBATE ON HUGHES'
CONFIRMATIONTURNED IN SENATE DIRECTLY
ON MAJORITY NOW DOMINATING
SUPREME COURTSENATORS GLASS AND NYE CON-
TEND JUDGES ARE RUNNING
THE COUNTRY

Washington, Feb. 13.—(U.P.)—The fight against confirmation of Charles Evans Hughes as chief justice of the United States was turned in the senate today directly upon the majority now dominating the supreme court.

Starting the third day of debate on Hughes' appointment to succeed William Howard Taft, Senators Carter Glass, democrat, Virginia, and Gerald Nye, republican, North Dakota, contended the judges now are running the country.

There are many of us here who believe the supreme court has been turned far afield from its original functions," Glass said. "It has become a court for determination of economic and social questions rather than for the interpretation of the law."

Nye quoted Chief Justice Clark of North Carolina and Justice Ford of New York, in developing his argument concerning the power of the judiciary to overturn the acts of the people's representatives in congress.

TWENTY ALLEGED
RIOTERS ARE JAILED

Port au Prince, Haiti, Feb. 13.—(U.P.)—Twenty alleged rioters, including Justin D. Sam, leader of the recent Damien strike, were held in jail today to face charges of inciting an anti-government demonstration. Eleven of the 31 arrested in the clash between a crowd of 500 and a group of native constabulary, were released with a warning not to repeat yesterday's disorders.

the memorandum said. It emphasized that Japan attaches special importance to cruisers with 8-inch guns.

"Adequate limitation" of flotilla leaders and destroyers was advocated and also limitation of the number of flotilla leaders.

Japan considers it necessary to maintain a strength in auxiliary classes in adequate proportion to that of the other powers concerned. Therefore, if those powers reduce, Japan is prepared to reduce proportionately.

"The Japanese delegation," the memorandum said, "is ready to agree not to lay down any capital ships until 1936. It also deems it desirable that an agreement should be reached to reduce in size to 25,000 tons from 35,000 tons."

The broad Japanese position on strength was made clear when, after referring to the importance of 8-inch gun cruisers, the memorandum said Japan "desires to maintain a strength sufficient for national defense, taking into consideration the strengths held by the other powers."

SAYS TRI-STATE
TELEPHONE RATES
SHOULD BE LOWERL. R. BITNEY, STATISTICIAN OF
STATE RAILROAD, WARE-
HOUSE BODY IN REPORTREDUCTION SHOULD BE FROM 9
TO 12 PER CENT IN
MINNESOTA

St. Paul, Feb. 13.—(U.P.)—L. R. Bitney, statistician of the state railroad and warehouse commission, today issued a report declaring rates of the Tri-State Telephone & Telegraph Company should be reduced from nine to 12 per cent in Minnesota.

The statistician said his report was compiled from the company's own figures. He said company officials could not disagree with his report in the same way they questioned a valuation report made by the railroad and warehouse commission.

In the statement filed today with the commission, Bitney said:

Income of the company for 1928 was \$551,199 in excess of the amount required to pay operating expenses, including depreciation and 7 per cent return on money invested.

A dividend of 12 per cent was paid in 1928. In the years from 1922 to 1927 inclusive dividends of 8 to 9 per cent were paid.

Despite these heavy dividend payments, and a \$200,000 donation to the employees' benefit fund, a surplus of \$1,714,738 remains.

Even on the basis of full book value of the company a general reduction of 9 per cent is indicated and on the basis of depreciated book value the reduction should be 12 per cent.

Reductions indicated for various towns and cities, the first figures being based on the full book value and the second on depreciated book value, Bitney said, include:

Rochester 9.3 and 13 per cent; Winona 24.9 and 27.2; Faribault 3.6 and 6.8; Red Wing 3.8 and 6.6; Stillwater 11.4 and 13.9, and Pipestone 1.5 and 4.4.

St. Paul, Feb. 13.—The state railroad and warehouse commission today ordered the Northwestern Bell Telephone Company to reduce switching rates and improve service on nine rural lines operated out of Fergus Falls.

The order said the Bell Company formerly owned the lines, but sold them to individuals under an agreement to take care of switching calls at a cost of \$3 for each subscriber.

During the war the switching fees were increased to \$6 and the railroad and warehouse commission ordered the company to return the \$3 fee.

The commission also authorized the Tri-State Telephone and Telegraph Company to purchase the Arcola Rural Telephone Company and granted the Villard Telephone Company permission to operate an exchange at Villard.

10,000 DOGS AT
BIG DOG SHOW

London, Feb. 13.—(U.P.)—Some 10,000 dogs, of all ages, sizes, shapes, varieties and dispositions have been assembled under one roof, for Charles Cruft's international dog show, now opened in the agricultural hall here.

New Envoy to Poland
Delays Departure

AMERICA'S MOST
PATRIOTIC FATHER
HAS BEEN FOUND

Manistee, Mich., Feb. 13.—(U.P.)—America's most patriotic father has been found. He is George Kruse, city treasurer of Manistee.

Last year, on Washington's birthday, a baby boy was born to Mrs. Kruse. He was named "George."

Yesterday, on Lincoln's birthday, a telephone call came to Kruse's office. "You're a father again," he was told.

"I'll name this one 'Abraham,'" the new father gasped as he hurried out of the office.

But when he got home he found his wife had already named it Alice Ann.

1 WOMAN, 11 MEN
ON JURY TO HEAR
THE WHITE CASEBORDER CUSTOMS GUARD IS
CHARGED WITH SECOND DE-
GREE MURDERIS CHARGED WITH SHOOTING
HENRY VIRKKULA, BIG
FALLS CONFECTONER

Duluth, Minn., Feb. 13.—(U.P.)—One woman and eleven men today listened to the testimony which will aid them in determining if Emmet White, border customs guard, was guilty of second degree murder when he shot Gust Henry Virkkula, when the Big Falls confectioner failed to halt for a liquor inspection last June 8.

After examining 39 prospective jurors, the jury was selected.

Questioning of the jurors included hostility to the prohibition law.

The entire jury appeared after a night under guard. Judge W. A. Cant ordered the guard because the trial was being used by both wets and dries as possible campaign material.

The jury comprises:

Mrs. J. M. Harney, Mahanomen, Minn., housewife.

Ole Ols, Roseau, life insurance agent and retired farmer.

J. C. Hagen, Barret, school janitor.

George M. Hirsch, Moorhead, funeral director.

R. M. Bulber, Duluth, engineer.

Ed A. Salseth, Watson, farmer.

A. B. Trana, Vining, lumber dealer.

Joseph M. Wise, Lake City, real estate dealer.

Ole H. Olson, St. James, retired farmer.

W. A. Hauck, Redwood Falls, grocer.

M. L. Eberling, Owatonna, retired farmer.

Charles C. Applehagen, Duluth, sales manager.

Mrs. Virkkula, who was with her husband the night he was shot, could not find a place in the crowded courtroom until she was recognized.

She stood in the aisle weeping softly with her two daughters.

REWARD TO SOLVE
KOUTEPOFF MYSTERY

Paris, Feb. 13.—(U.P.)—A reward of 500,000 francs and protection from Russian reprisal—is held out as a prize for information leading to the discovery of General Alexander Pavlovich Koutepoff, missing anti-Soviet leader, dead or alive. The reward, approximately \$20,000, is offered anonymously, through the columns of Le Matin.

CONFIDENCE MEN
PLUCK AMERICAN

Nice, France, Feb. 13.—(U.P.)—The happy band of confidence men who flock down upon the golden shores of the Riviera this time of the year seeking their victims among the overburdened rich have plucked their first pigeon of the season, Fred Krebs from Syracuse, N. Y.

He told police he was minus a \$3,000 check and a diamond ring.

To Slice Army Costs
and Put Into Airlines

London, Feb. 13.—(U.P.)—A proposal to slice 10,000,000 pounds sterling from Britain's fighting forces and put it into the development of airlines was made last night by Commander Sir Charles Denistoun Burney, constructor of the dirigible R-100.

HERRIOT AND BERARD
SEEK '14TH CHAIR'

Paris, Feb. 13.—(U.P.)—The glory of occupying the famous fourteenth chair of the forty seats in the academy of France, made vacant by the death of Georges Clemenceau who always refused to sit in it, has narrowed down to a race between M. Edouard Herriot, former premier of France, and M. Leon Berard.

RIVALS OF CAPONE
ARE CAPTURED
IN CHICAGOSURPRISED IN CONFERENCE IN
A WEST SIDE HAUNT
OF CITYUNPAID POLICE ROUNDED UP THE
2,500TH SUSPECT IN THEIR
DRIVEBy RAY BLACK
(United Press Staff Correspondent)
Chicago, Feb. 13.—Five chieftains of the notorious O'Donnell gang, rivals of Al Capone's host, surprised at a "directors' meeting" in a west side haunt, were in jail cells for a time today as the unpaid police rounded up the 2,500th suspect in their drive to run gunmen out of the city.

Drawn shades at the Cafe Barroscotti, a second floor restaurant in West Madison Street presumably owned by Steve O'Donnell, brother of "Klondike" O'Donnell, czar of the west side beer and and alky racket, drew the attention of a squad of police cruising for gunmen and hoodlums. The police crashed in.

Seated about the table in a cubicle partitioned off from the rest of the place were the quintet whose names have been associated with murder, gang domination, safe-blowing, bomb terror and liquor running for at least ten years.

Two lesser lights of the gang also were there and an eighth man suspected of connection with the O'Donnells walked in. Two revolvers were in coats that hung on wall pegs. No one would admit ownership of the coats but a glove in one of them was equipped with cork studs in the fingers. Police said the glove fit the hand of "Three Fingers" Jack White, one of the conferees.

At the moment the police leveled guns at the members of the gang cabal, another conference was in session at the headquarters of the secret law enforcement committee of big business headed by Robert Latham Randolph, former army engineer and now president of the Chicago Association of Commerce.

The generalissimo of the business army against the gangs had told his aides that racketeers constituted the most dangerous threat to orderly government in Chicago.

"There is not an industry, not a business in Chicago that isn't paying tribute," he later reiterated. "Some of it is direct, some indirect but the public is paying in increased taxes, higher tailoring bills, bigger laundry bills, higher rent and in a score of other ways."

In the words of Chief of Detectives Egan, the names of the five leaders caught in the west side cafe would "grace a penitentiary roster or a hangman's warrant."

They are:

Myles O'Donnell, another brother of "Klondike," and co-director of the beer racket in which the gang pioneered. Questioned at the time Assistant State's Attorney William H. McSwiggan was murdered in a Cicero street.

Bernard O'Donnell, another of the notorious brothers and a gang overlord in certain districts.

George Arker, ex-convict and sole survivor of the "four horsemen" of gangland. As business agent of the coal teamsters' union he has terrorized the coal industry of the city.

William "Three Fingers" White, claimant to the business management of the city ash wagon haulers' union, three months out of the penitentiary, an oft-convicted safe blower.

Mike Quirk, former saloonkeeper with a long police record, once accused of murder.

The three minor hoodlums are Frank Lacey, John O'Connor and Edward Sirnek.

When a newspaper photographer flashed his powder to take a picture at police headquarters, Myles O'Donnell fainted away.

"I thought I was shot," he said. His attorney entered a plea to that effect and he was released on bail. The others were held.

The men will be turned over to the state's attorney's office for possible indictment under the new criminal court procedure.

Chicago, Feb. 13.—The seventeenth bomb in Cook county since the first of the year was exploded in a boiler shop today. Damage was approximately \$200. Michael Daneau, owner of the shop, said he had no enemies and he had not been in labor difficulty. The shop is next door to the Central Paper Stock Company, damaged by a bomb on Jan. 29.

Chicago, Feb. 13.—On the tenth day after the city council instructed Mayor William Hale Thompson to co-operate with the citizens' "relief committee" headed by Attorney Silas H. Strawn, the city administration and the Strawn group were still at loggerheads while conditions among more than 45,000 unpaid employees of local governments grew more desperate hourly.

Meantime a rumor, denied by Mayor (Continued on Page 6)

Speaking of Talking Pictures, What is your October Suit saying?

Many suits that were pictures of health last Fall have started to show crow lines.

But if your Fall suit came from here, it should be still fresh and rosy, for tailoring tells.

In opening our first large shipments of Spring Suits from Curlee we want to add to this word of invitation by saying that beside beauty, here is brawn—beside suits, here is satisfaction.

200 at Scout Father and Son Banquet

Aitkin boy scouts and their fathers in the number of 200 attended a father and son banquet last evening at Aitkin at which Judge L. B. Kinder, Dr. A. K. Cohen, and Regional Scout Executive Joseph Schmitt, of Brainerd were speakers.

In connection with the banquet a court of honor was also held. The dinner was sponsored by the ladies aid of the M. E. church at Aitkin.

Judge Kinder made the statement during his talk that the conduct of the modern youth could not be criticized more than that of their parents as children.

QUICK RELIEF
for
GASSY STOMACHS
Dizziness, Indigestion

Don't worry or suffer another moment from the misery of indigestion, bloating, gas, and that suffocated, hard-to-breathe feeling after eating. Just a tablespoonful of Tanlac before eating will end all this pain and discomfort. But why suffer from these stomach troubles at all? A short course of Tanlac taken regularly before meals and bedtime will do wonders in ridding you of them for good and make you feel like a real man. Try a bottle on the basis it must help you or money back. At all drug-gists. Accept no substitute.

"SHALL SHAPE AND
SHADOW OVERFLOW"

[John Greenleaf Whittier, 1807-1892]

AVOID THAT
FUTURE SHADOW*

By refraining from
over-indulgence

Men who would keep that trim, proper figure, women who prize the modern figure with its subtle, seductive curves—eat healthfully but not immoderately. Banish excessiveness—eliminate abuses. Be moderate—be moderate in all things, even in smoking. When tempted to excess, when your eyes are bigger than your stomach, reach for a **Lucky** instead. Coming events cast their shadows before. Avoid that future shadow by avoiding over-indulgence if you would maintain that lithe, youthful figure:

Lucky Strike, the finest Cigarette a man ever smoked, made of the finest tobacco—The Cream of the Crop—"IT'S TOASTED." Everyone knows that heat purifies and so "TOASTING" not only removes impurities but adds to the flavor and improves the taste.

"It's toasted"

Your Throat Protection—against irritation—against cough.

*Be Moderate!... Don't jeopardize the modern form by drastic diets, harmful reducing girdles, fake reducing tablets or other quack "anti-fat" remedies condemned by the Medical profession! Millions of dollars each year are wasted on these ridiculous and dangerous nostrums. Be Sensible! Be Moderate! We do not represent that smoking **Lucky Strike** Cigarettes will bring modern figures or cause the reduction of flesh. We do declare that when tempted to do yourself too well, if you will "Reach for a **Lucky**" instead, you will thus avoid over-indulgence in things that cause excess weight and, by avoiding over-indulgence, maintain a modern, graceful form.

FORESTRY OFFICE NOW IN CITY HALL

District Headquarters Located in Northwest Offices on Second Floor

The district headquarters of the state forestry department has been removed from the court house to the city hall.

The new offices are located in the northwest section of the building on the second floor. C. C. Carlton is in charge.

To Arrange For Day of Instruction
Selection of representatives of various P. T. A.'s throughout the city to act on the arrangements committee in the planning of a day of instruction here in P. T. A. work, March 1, at which time Mrs. Roe of Duluth will conduct the session was announced today by Mayor Frank E. Little, president of the Central Council of P. T. A.'s as follows:

Lincoln, Mrs. Roy Paine; Lowell, Miss Larson; Harrison, Mrs. George Falconer; Whittier, Mrs. R. T. Campbell; Garfield, Mrs. Charles Miller; Riverside, Mrs. Art Hagberg.

EASTERN STAR VALENTINE PARTY

75 Couples in Attendance at One of Outstanding Social Events of Season

One of the outstanding social events of the season was held last evening at the Masonic hall when the men of Alpha Chapter No. 23 Order of Eastern Star entertained at a Valentine dancing party. About 75 couples were in attendance.

Peppy music was furnished by Lou's band, one of the numbers being a grand march. This was led by Mrs. G. S. Swanson, worthy matron and Harold Forsberg, associate patron. For those who did not participate in the dancing, card tables were provided and bridge was played at eight tables.

Annette Erickson and Flora Jane Elder, dressed in red and white served frappe to the guests from a booth prettily decorated in red and white with red hearts above.

The guests included several from the Range towns and Pillager, among them being Mr. and Mrs. G. McNair of Pillager and Arthur Nelson and T. S. Nyhus of Ironton.

The party was a success in every way, and much credit is due the committees in charge. James Crust was chairman of the general committee, R. L. Geist chairman of the music committee and C. N. Erickson was chairman of the frappe committee.

Forestry Service Has Exhibit
Forestry Patrolman O. A. Knudson left today for Aitkin where he will supervise the showing of a forestry exhibit at the Aitkin automobile show which starts tomorrow and continues for three days.

Continues

With each G & J Tread Stalwart Cord or Balloon tire we will continue to give the inner tube FREE as well as a definite guarantee of mileage during 1930.

Improved G & J Tread Design

The new G & J Tread is a better looking tire—provides greater center traction—with greater non-skid qualities. The tread is narrower with deeper grooves, providing easier steering and greater riding comfort. It is modernized to meet new demands—improved hand in hand with the improvements in motor cars.

Improved G & J Quality

The quality as well as the tread is improved. The rubber in G & J's has never been purer or more flexible—the cord has never been stronger.

No Advance in Price

With these improvements, the increased demand for G & J's enables us to continue at no increase in prices. Ask any Gamble man to show you this new tire with its sturdy, tough tread.

EASTERN STAR VALENTINE PARTY

75 Couples in Attendance at One of Outstanding Social Events of Season

One of the outstanding social events of the season was held last evening at the Masonic hall when the men of Alpha Chapter No. 23 Order of Eastern Star entertained at a Valentine dancing party. About 75 couples were in attendance.

Peppy music was furnished by Lou's band, one of the numbers being a grand march. This was led by Mrs. G. S. Swanson, worthy matron and Harold Forsberg, associate patron. For those who did not participate in the dancing, card tables were provided and bridge was played at eight tables.

Annetta Erickson and Flora Jane Elder, dressed in red and white served frappe to the guests from a booth prettily decorated in red and white with red hearts above.

The guests included several from the Range towns and Pillager, among them being Mr. and Mrs. G. McNair of Pillager and Arthur Nelson and T. S. Nyhus of Ironton.

The party was a success in every way, and much credit is due the committees in charge. James Crust was chairman of the general committee, R. L. Geist chairman of the music committee and C. N. Erickson was chairman of the frappe committee.

Forestry Service Has Exhibit Forestry Patrolman O. A. Knudson left today for Aitkin where he will supervise the showing of a forestry exhibit at the Aitkin automobile show which starts tomorrow and continues for three days.

Methodist Ladies Aid Circle No. 2 Circle No. 2 of the Methodist ladies aid will give an informal silver tea at the home of Mrs. L. G. Dunn, 122 North Seventh street, from 3 to 5 o'clock, Friday afternoon. A program of the following numbers will be given during the afternoon:

Violin solo—Mrs. Louis Johnson.
Reading—Gladys Zander.
Selection, ladies quartet—Mrs. G. Silk, Mrs. A. W. Moulster, Mrs. C. Mahlum, Mrs. H. Paine.
Reading—Miss Alta Franklin.
Visitors are welcome.

Report Shows Cooperative Creamery in Fine Condition

ANNUAL MEETING, LUNCHEON SLATED IN FARMERS' ROOM

CLOSE TO 250 EXPECTED TO ATTEND GATHERING IN COURT HOUSE, FEB. 18

LUNCHEON STARTS AT 11:30 A. M. BUSINESS MEET GETS UNDERWAY AT 1:30 P. M.

Starting with a free lunch for stockholders, patrons and friends the annual meeting of the Farmers Cooperative Creamery Association will be held next Tuesday at the Farmers room of the court house.

The luncheon will be served starting at 11:30 a. m. continuing with the business meeting at 1:30 p. m. Peter Madsen, vice president, will preside as chairman in the absence of R. J. Wetherbee, president, who is at present visiting in California.

Reports from the various committees will be received and officers for the ensuing year will be elected.

Among the leading reports will be that by the auditors showing the financial condition of the association in fine condition and the progress made during the past year. The report is complete in detail. Printed booklets of the report will be distributed to all stockholders and patrons. Close to 250 of which 133 are stockholders are expected at the meeting.

The auditors' report follows:

February 3, 1930.

The Board of Directors, Brainerd Co-operative Creamery Association, Brainerd, Minnesota. Gentlemen:

In accordance with your instructions, we have made an Audit of the Accounts and Records of the Brainerd Co-operative Creamery Association, for the year ended December 31, 1929, and submit herewith our Report as indexed on the foregoing page.

WE HEREBY CERTIFY, that, subject to the following comments, in our opinion the Exhibits and Schedules submitted reflect the true financial condition of your Association as at December 31, 1929, and its operations for twelve months ended on that date, insofar as disclosed by the books and records.

BALANCE SHEET—EXHIBIT "A"

Current Assets \$16,289.54

The cash on hand was verified by actual count and found to be correct. We reconciled the bank accounts with the Bank Statements as at December 31, 1929. All checks were examined as to signature and endorsement, and with the exception of a few without endorsement were found to be correct. Direct confirmation was made with the Banks verifying the bank balances.

We checked Accounts Receivable from the lists submitted by the Secretary and found same in agreement with the General Ledger Control.

The Inventories were accepted by us as submitted.

Investments \$2,609.31

These were verified by actual inspection and found to consist of the following—sixteen Certificates of Indebtedness of the Land O' Lakes Creameries, Inc., amounting to \$2,402.31 and maturing within the next two years, and two Certificates of Stock held in the Minnesota Co-op. Creameries Association to the value of \$207.00.

Fixed Assets \$24,246.30

Additions to Fixed Assets during the year amounted to \$9,023.28 which includes the purchase of the Kelley property adjoining the Creamery, for \$6,000.00 and described as follows: Lots 22, 23, 24, Block 73 in the first addition of Brainerd. Other additions were Garage and Chute \$210.00, Scale, Churn and Well \$2,552.85 and minor equipment \$260.43. Further details will be found in Schedule "4".

Deferred Charges \$1,681.86

These consist of supplies on hand and expenses applicable to future operations.

Current Liabilities \$11,352.34

These consist of \$8,469.96 due Patrons for December Butterfat be-

ing payable January 15, 1930; Real Estate and Personal Property Taxes for 1929 amounting to \$618.24; Interest on Capital Stock \$678.00 payable to stockholders of record; Miscellaneous Invoices amounting to \$586.14 which were passed for payment at the Meeting of January 15, 1930, and Mortgage Note Payable on the Kelley property \$1,000.00. Capital Stock \$8,527.79.

Three additional shares of stock were fully paid for in 1929 and the Association repurchased two shares, making a net increase to Capital Stock of \$25.00 or one share plus installments of \$33.62, making total Stock outstanding \$8,527.79 and Treasury Stock \$875.00. Surplus \$24,946.88.

This account is further detailed in Exhibits "C", "D" and "E" which show the changes during the year.

Operating Statement—Exhibit "B"

This Statement shows the Income and Expenditures for the year, with a Net Profit of \$8,667.94. After taking into consideration Other Income and Deductions and allowing for the Sinking Fund appropriation of 2c per pound on butterfat the net shows a profit of \$13,372.44, a decrease over last year of \$176.84. Total sales increased \$15,608.15 over 1928. Cost of Sales and Manufacturing Expense ratio remained about the same. Butter sales increased 50,180 pounds over that of 1928, this and previous years increases shows that your volume of business is growing steadily.

Analysis of Sinking Fund Reserve—Exhibit "C"

During the year charges against the Fund totalled \$15,483.74 while the Income was \$8,550.22 making a deficit of \$6,933.52 which was reduced by the balance in the Fund of \$3,609.19 to a deficit of \$3,324.33 as at December 31, 1929. Items not actually paid for in cash in 1929 but are chargeable against the Fund for that year are: Taxes \$649.49, Interest on Capital Stock \$678.00, Depreciation \$1,936.00 and \$1,000.00 balance on Land which would change the deficit of \$3,324.33 to a balance of \$939.16 if items of cash were to be only considered. Depreciation while not actually paid out is a direct charge against the business, inasmuch as it represents wear and tear and provides for obsolescence of machinery and buildings; as it is now being handled the amount is left in the business and is being used for other purposes such as helping to pay the Creamery debts or increasing the Working Capital and Assets. In other words the amount set aside for Depreciation has been reinvested in the business as outlined above.

General Remarks

With the constantly increasing business which your Creamery is enjoying, it will necessitate enlargement of the present quarters inasmuch as the present floor space is becoming inadequate.

The Management is to be commended upon the cleanliness and efficiency maintained at the Creamery, and for the increased patronage. In conclusion we wish to extend our thanks for the courtesies shown us during the course of the examination.

Respectfully submitted,

"MASTER of MONEY" BY ROY VICKERS

WHAT HAS GONE BEFORE.

ALAN BRENNAWAY returns to New York after an absence of seven years in Mexico, where he made a fortune. Going to the dingy hotel he started from, his thoughts flash to Shirley Dane, society girl whom he loves. He visits Shirley and finds her more sympathetic and understanding than before. She tells him her father left her \$200,000, which is in the hands of Roger Kelton. Later, Alan accompanies Shirley and her aunt, Mrs. Sibley, to a party. He meets a Mr. Cynaz, financier. Alan expresses his distrust of Cynaz. There is "talk" about Roger Kelton, and when he does not arrive, Mrs. Sibley is concerned for Shirley's sake. Alan wonders why it should distress Shirley. That night, Alan proposes, but Shirley refuses, saying there is someone else. She wonders what Cynaz meant by "talk" about Roger.

NOW GO ON WITH THE STORY.

THE business of love was, after all, very simple, so Alan reasoned on the following morning. To go on wanting a woman who explained honestly and decorously that she did not want you, would be mere romantic egotism.

It was impossible, he told himself—told himself with the utmost emphasis and constant repetition—it was impossible to be melancholy and depressed over such a rejection.

Suppose she had said: "Yes, of course I will marry you, but I don't want you"—very well, then, what was there left to argue about? He had not even made a fool of himself. He would forget the whole incident.

Yes, it would be easy enough to forget the love business. Easy enough, for example, to forget that white and rose face against the background of darkness. Faces, good heavens! There were millions of them, all about him, and if they all wore black hats—romantic imagery—the weakness of every normal man.

Forget the background of darkness and the whole setting of that amazing room of hers—forget her beauty. Think of Shirley distracted and dishevelled.

He thought of Shirley disheveled and ill and discovered a new emotion in himself.

"Shirley!" he repeated her name. He had bungled somehow. The thought of Shirley in trouble was a thousand times more torturing than the thought of Shirley cool and beautiful, saying that she was very sorry but—

"Well, I'm jiggered!" he exclaimed. "Rank morbidity. Shirley is not in trouble. She is very happy. And she is going to marry someone else, and I hope she goes on being very happy."

The first thing to do was to break the association of ideas and a good beginning would be to leave the Felton. By midday he had installed himself at his club and had drifted into the smoking-room to pick up the threads of seven years ago.

The Luke Club had a distinct personality of its own. It was not an exclusive club yet it managed to exclude. In all its existence it had never blackballed anyone—which is merely another way of saying that members of the Luke Club were very careful whom they proposed. No one had ever been known to define the conditions of membership, which was shared by men of almost every calling. In its externals it was the most comfortably shabby club in New York.

Having settled himself in his room he went to the office. A solitary postcard awaited him.

He took it from the rack, noticed that it was typewritten, but before he could read it he was accosted

in this manner, Alan decided. Eager, yet languid. Something placatory about his laugh, something arrogant about his eyes.

"I didn't know until yesterday that you had succeeded to the business," said Alan conventionally. "I was very much out of touch. I would have written, of course. Your father was always very pleasant to me, you know. He helped my old father a great deal too."

Kelton moved sharply. He said: "You will find many changes since you left."

Small talk followed. Alan let it run its course. In the meantime, he went on studying Roger Kelton.

To Alan, Kelton at twenty-seven seemed to be much the same kind of young man that he had been at twenty. There was the slight precociousness of speech offset by an ease and originality of phrasing that was not without charm.

He had gained assurance and a certain suggestion of experience. A phrase of Shirley's came back. This young man was of the "high world."

There was the "high world" in his clothes, which were distinguished, yet strictly conventional. Even his physical appearance bore the same perceptible cachet.

He was athletic and almost incredibly clean and his face, if not that of an intellectual, was certainly not that of a fool.

His clear-cut features promised much, but the big, brown eyes were the eyes of a sentimentalist. Probably to women who thought in such terms, he was a handsome man—or at least interesting looking.

"You have your hands pretty full now that you are at the helm, I suppose," suggested Alan.

"Oh, I don't know, I—well, I suppose one does have to slave a bit now and again," admitted Kelton.

"Look here, Old Man, I meant to come and see you pretty soon about a job of my own, but that can wait. A very unpleasant little incident has occurred: I've had a libelous postcard about you—addressed to me at the Luke."

"Libelous?" echoed Kelton. He stiffened, then smiled faintly. "May I see it?"

"Of course! I've come here to give it to you. By the way, Colmore had one too and read it aloud so as to give you, I suppose, extra strong evidence for the action. The club was buzzing with it when I came away. I don't know the fellow who wrote it."

As he spoke, Alan produced the postcard and handed it over.

Kelton took the postcard, read it, then leaned back in his chair and stared at the ceiling.

"You realize why I brought you that, Kelton—and why Colmore asked me to tell you about his. It was simply a matter of letting you know as soon as possible."

Still Kelton made no answer. Alan looked at him oddly.

"A thing like that is bound to make a man feel pretty rotten," he said sympathetically. "And somehow it doesn't seem very friendly to do what I've just done. . . . This sort of thing is not my province, of course, but I imagine it doesn't do to lose an hour in taking action."

At length Kelton spoke. "But I'm afraid you'll be sorry you stood up for me in public to that extent."

"What the devil do you mean? What's the matter?"

CLOSE TO 250 EXPECTED TO ATTEND GATHERING IN COURT HOUSE, FEB. 18

LUNCHEON STARTS AT 11:30 A. M. BUSINESS MEET GETS UNDERWAY AT 1:30 P. M.

Starting with a free lunch for stockholders, patrons and friends the annual meeting of the Farmers Cooperative Creamery Association will be held next Tuesday at the Farmers room of the court house.

The luncheon will be served starting at 11:30 a. m. continuing with the business meeting at 1:30 p. m. Peter Madsen, vice president, will preside as chairman in the absence of R. J. Wetherbee, president, who is at present visiting in California.

Reports from the various committees will be received and officers for the ensuing year will be elected.

Among the leading reports will be that by the auditors showing the financial condition of the association in fine condition and the progress made during the past year. The report is complete in detail. Printed booklets of the report will be distributed to all stockholders and patrons. Close to 250 of which 133 are stockholders are expected at the meeting.

The auditors' report follows:

February 3, 1930.

The Board of Directors,
Brainerd Co-operative Creamery Association,
Brainerd, Minnesota.
Gentlemen:

In accordance with your instructions, we have made an Audit of the Accounts and Records of the Brainerd Co-operative Creamery Association, for the year ended December 31, 1929, and submit herewith our Report as indexed on the foregoing page.

WE HEREBY CERTIFY, that, subject to the following comments, in our opinion the Exhibits and Schedules submitted reflect the true financial condition of your Association as at December 31, 1929, and its operations for twelve months ended on that date, insofar as disclosed by the books and records.

BALANCE SHEET—EXHIBIT "A"

Current Assets \$16,289.54

The cash on hand was verified by actual count and found to be correct. We reconciled the bank accounts with the Bank Statements as at December 31, 1929. All checks were examined as to signature and endorsement, and with the exception of a few without endorsement were found to be correct. Direct confirmation was made with the Banks verifying the bank balances.

We checked Accounts Receivable from the lists submitted by the Secretary and found same in agreement with the General Ledger Control.

The Inventories were accepted by us as submitted.

Investments \$2,609.31

These were verified by actual inspection and found to consist of the following—sixteen Certificates of Indebtedness of the Land O' Lakes Creameries, Inc., amounting to \$2,402.31 and maturing within the next two years, and two Certificates of Stock held in the Minnesota Co-op. Creameries Association to the value of \$207.00.

Fixed Assets \$24,246.30

Additions to Fixed Assets during the year amounted to \$9,023.28 which includes the purchase of the Kelley property adjoining the Creamery, for \$6,000.00 and described as follows: Lots 22, 23, 24, Block 73 in the first addition of Brainerd. Other additions were Garage and Chute \$210.00, Scale, Churn and Well \$2,552.85 and minor equipment \$260.43. Further details will be found in Schedule "A".

Deferred Charges \$1,681.86

These consist of supplies on hand and expenses applicable to future operations.

Current Liabilities \$11,352.34

These consist of \$8,469.96 due Patrons for December Butterfat be-

ing payable January 15, 1930; Real Estate and Personal Property Taxes for 1929 amounting to \$618.24; Interest on Capital Stock \$678.00 payable to stockholders of record; Miscellaneous Invoices amounting to \$386.14 which were passed for payment at the Meeting of January 15, 1930, and Mortgage Note Payable on the Kelley property \$1,000.00.

Capital Stock \$8,527.79

Three additional shares of stock were fully paid for in 1929 and the Association repurchased two shares, making a net increase to Capital Stock of \$25.00 or one share plus installments of \$33.62, making total stock outstanding \$8,527.79 and Treasury Stock \$875.00.

Surplus \$24,946.88

This account is further detailed in Exhibits "C", "D" and "E" which show the changes during the year.

Operating Statement—Exhibit "B"

This Statement shows the Income and Expenditures for the year, with a Net Profit of \$8,657.84. After taking into consideration Other Income and Deductions and allowing for the Sinking Fund appropriation of 2c per pound on butterfat the net shows a profit of \$1,572.44, a decrease over last year of \$176.84. Total sales increased \$15,608.15 over 1928. Cost of Sales and Manufacturing Expense ratio remained about the same. Butter sales increased 50,180 pounds over that of 1928, this and previous years increases shows that your volume of business is growing steadily.

Analysis of Sinking Fund Reserve—Exhibit "C"

During the year charges against the Fund totaled \$15,483.74 while the Income was \$8,550.22 making a deficit of \$6,933.52 which was reduced by the balance in the Fund of \$3,609.19 to a deficit of \$3,324.33 as at December 31, 1929. Items not actually paid for in cash in 1929 but are chargeable against the Fund for that year are: Taxes \$649.49, Interest on Capital Stock \$678.00, Depreciation \$1,936.00 and \$1,000.00 balance on Land which would change the deficit of \$3,324.33 to a balance of \$939.16 if items of cash were to be only considered. Depreciation while not actually paid out is a direct charge against the business, inasmuch as it represents wear and tear and provides for obsolescence of machinery and buildings; as it is now being handled the amount is left in the business and is being used for other purposes such as helping to pay the Creamery debts or increasing the Working Capital and Assets. In other words the amount set aside for Depreciation has been reinvested in the business as outlined above.

General Remarks

With the constantly increasing business which your Creamery is enjoying, it will necessitate enlargement of the present quarters inasmuch as the present floor space is becoming inadequate.

The Management is to be commended upon the cleanliness and efficiency maintained at the Creamery, and for the increased patronage. In conclusion we wish to extend our thanks for the courtesies shown us during the course of the examination.

How Ford Methods Cut Cost of Distribution

Lower profits in selling save you at least \$50 to \$75 in addition to the many savings in manufacturing

TWENTY-SEVEN years ago the Ford Motor Company was formed to provide reliable, economical transportation for all the people. That original purpose has never changed. The constant effort in every activity is to find ways to give you greater and greater value without extra cost—frequently at lowered cost. This applies to distribution and similar important factors, as well as manufacture.

For the Ford Motor Company believes that its full duty is not only to make a good automobile at the lowest possible price, but to see that there is no waste, extravagance, or undue profit in any transaction from the time the car leaves the factory until it is delivered to your home. It is obvious that hard-won savings in production will be of little value if they are sacrificed later through excessive selling costs.

EVERY purchaser of a motor car has the right to know how much of the money he pays is for the car itself and how much is taken up by dealer charges. If these charges are too high, one of two things must happen. Either the price of the car must be raised or the quality lowered. There is no other way. The money must come from somewhere.

In the case of the Ford, the low charges for distribution, selling, financing and accessories mean a direct saving of at least \$50 to \$75 to every purchaser in addition to the still greater savings made possible by economies in manufacturing. *Ford charges are not marked up or increased to cover a high trade-in allowance on a used car.*

The profit margin on the Ford car has always

been fair to both the dealer and the public. Within the past three months, it has been possible to effect still further economies. Today, the discount or commission of the Ford dealer is the lowest of any automobile dealer. The difference, ranging from 25% to nearly 50%, comes right off the price you pay for the car.

THE business of the Ford dealer is good because he makes a small profit on a large number of sales instead of a large profit on fewer sales. He knows, too, that the extra dollar-for-dollar value of the car makes it easier to sell and more certain to give satisfactory service after purchase.

Consider also that the Ford car is delivered to the purchaser equipped with a Triplex shatter-proof glass windshield, an extra steel-spoke wheel, and bright, enduring Rustless Steel for many exterior metal parts, in addition to four Houdaille double-acting hydraulic shock absorbers and fully enclosed four-wheel brakes.

If for any reason you wish to buy certain small accessories, you will find that these, too, are sold at the usual Ford low prices. Replacement parts are also available at low prices through Ford dealers in every section of the country.

THESE are important points to remember in considering the purchase of a motor car. They show why it is possible to put so much extra quality into the new Ford and still maintain the low price. They are also the reasons why more than 35% of all cars sold today are Model A Fords.

16 TEAMS COMPETE IN SUB DISTRICT TOURNEYS, MARCH 5, 6

SURVIVORS COMPETE HERE FOR DISTRICT HONORS MARCH 7, 8

SUB-DISTRICT TOURNAMENTS TO BE HELD AT CROSBY AND STAPLES

FOUR LEADERS IN THIS DISTRICT TO CLASH WITH SMALLER SCHOOLS FIRST DAY

Sixteen high school basketball teams will compete in the sub-district tournaments to be held respectively at Crosby and Staples on Wednesday and Thursday, March 5 and 6, and four teams will survive to compete here on Friday, March 7, for positions of semi-finalists in the district tournament. The finalists will clash for the district championship here on Saturday evening, March 8.

The major schools competing in the Brainerd sub-district at Crosby will be: Brainerd, Crosby-Ironton, Little Falls and Aitkin. Each of these schools will meet teams from smaller schools. The major schools are expected to survive the first round.

It is likely that Brainerd will meet Little Falls and Crosby-Ironton will clash with Aitkin Thursday, March 6, to determine which two teams will come to the tournament at the Washington high.

Crosby-Ironton is hoped to take Aitkin without much trouble. Brainerd is expected to have a fight on its hands in its clash with Little Falls.

Staples and Wadena are expected to survive the sub-district at Staples. Brainerd high school plays four games before the tournament.

Friday the team travels to Bemidji in a return game. Next Tuesday Coach Kasch and his men will invade Little Falls. On Saturday, February 22, the St. Cloud Tech-High will attempt a comeback here and on Friday, February 28, Wadena will meet the regulars on the high school gym here. The reserves and seconds will meet Pine River in a preliminary to the main encounter.

After the Bemidji game Brainerd high will concentrate on tournament play and the final selection of players. The players have already started showing signs of coming out of the slump they experienced in the Staples game. Such a slump comes to a team at least once in a playing season. Crosby-Ironton has already passed that precarious condition.

U. S. HAS NEW WOMEN'S SPRINT CHAMPION TODAY

good news—for although there is a lot of good material in the Trotters line-up, the team has always looked as though it would be a lot better with a real stiff practice session now and then.

Ach Himmel! — it's the St. Cloud Times again! This time it says that Brainerd staged a last half drive that netted the winning points against Staples the other evening. Brainerd led Staples by eight points at the half and by the same score at the end of the game—where did the drive come in? Maybe the Times meant those two lone points Brainerd scored during the final quarter.

The Times also thinks St. Cloud has a prett hot basketball team in the form of Tech. The Times went into ecstasies when Tech dropped Buffalo the other night—yes, we suppose that victory was welcome after the way Tech has been taking it on the nose from Crosby-Ironton, Willmar, Brainerd and Buffalo. But we hope that the Times doesn't think others are going to take their bally-hoo seriously. Tech is not really as tough as the Times would have everybody believe.

Primo Carnrea knocked out another set-up the other evening. We suppose he will push over a few more of these ham-and-egggers before his managers put him in the ring with a real heavyweight. Italy's man of mountainous dimensions really hasn't done anything yet—but when the boy starts he may amount to something—you never can tell.

Charlie White, formerly light-weight slugger, will begin his attempted comeback in Jack Dempsey's show at the Chicago Coliseum on Feb. 21. He will fight 10 rounds with Frankie Hayes, the hard-hitting Philadelphia artist. Both of these boys are southpaws.

Now that White is coming back into the ring, Battling Nelson is yearning for a comeback, too. He says, "If White is good enough to come back, so am I." The fight game will degenerate into a source of income for the freaks and the aged if all come back who threaten to.

President Ernest S. Barnard of the American League who recently returned from Florida reports that Babe Ruth is in the prime of condition. Probably the Babe is just as sure as everybody else is that there is nothing to his salary squabble and he wants to be in condition after the ballyhooing ceases and the league season begins.

It looks as though Max Schmeling is going to lay for a full year before he enters the prize ring again. It is too bad too, for Max was popular with American fans. Layoffs hurt Dempsey, Willard, Tunney and hosts of other fighters. But we look for Max to return to the ring within the next few months.

CLEVELAND GIRL STEPS OUT UNHERALDED AT PHILADELPHIA MEET

SETS NEW MARK FOR 220-YARD DASH, INDOORS, AT MEADOWBROOK GAMES

By FRANK GETTY (United Press Staff Correspondent)

New York, Feb. 13. — The United States has a new women's sprint champion today, one who has stepped out unheralded and established new world's records in her first two appearances in the east.

Tall, bobbied-haired Stella Walsh of Cleveland, a stenographer, stamped herself last night as the foremost woman sprinter of all time by setting a new mark for the 220-yard dash, indoors, in the Meadowbrook games at Philadelphia.

Two entire seconds Stella clipped off the previous record, in winning the event by some 20 yards from a high class field. Last Saturday, at the Millrose games in Madison Square Garden, Miss Walsh set a new record for the 50-yard dash, sprinting the distance in 6 seconds.

Speeding around the Philadelphia track in 26 4-5 seconds for the 220-yard dash, the strapping youngster defeated Dallas Creamer, the Canadian champion.

In two starts on eastern tracks, Stella has left records far behind. She set her new record in the 50-yard dash for women in the first heat of the 50-yard dash in Madison Square Garden Saturday; later winning the final heat in 6 1-5 seconds. The previous record for the distance for women was 6 2-5 seconds set by the former Helen Filkey at Evanston, Ill., two years ago.

HAS TOTAL OF 50 POINTS, POINTS TO SPEED CHAMPIONSHIP

ALEX HURD OF TORONTO, AND FRANK STACK OF CHICAGO TIE FOR 2ND PLACE

Saranac Lake, N. Y., Feb. 13.—Irving Jaffee of New York led the competitors in the North America outdoor speed skating championships today with a total of 50 points.

Alex Hurd of Toronto and Frank Stack of Chicago were tied for second place with 40 points and Jack Shea of Lake Placid was next with 30 points.

Shea set a new world's record of 24 seconds in a special one-sixth mile race. The former record of 24 2-5 was

made in 1925 by Charles Gorman of St. John, N. B.

Three other world's records were lowered, Art Pickering of New York setting an intermediate half mile mark of 1:22 1-5, Wilbur Marks of Chicago lowering the junior mile record to 3:11 4-5 and Orrie Duffy of Toronto establishing a juvenile record of :30 1-5 for one-sixth mile.

Good Grounds

The young wife was seeking a separation from her husband on the grounds of cruelty.

"But isn't your husband the captain of Brownston Harlequins?" asked the judge, with awe, being himself a keen follower of rugby football.

"Yes, your honor," was the reply; "and that was where the trouble started. I could do with him showing me how well he had tackled by tackling the dog; but when he used baby to show me how he threw the ball into the scrum—well, that was the end."—London Mail.

Little Changed by Time

The dividing line of the French and Flemish languages in Belgium has hardly changed a mile in 1,000 years. One town, Eughien, in the province of Hainaut, is entirely bilingual.

—Ride relaxed. Clean, comfortable safe buses run on dependable daily schedules to all principal points. Direct connections with coast-to-coast buses. For low round-trip fares and full information, call bus depot.

United States Tires

Built by the World's Largest Producer of Rubber

Every automobile owner who is interested in securing better tires at lower cost will welcome this announcement.

We have recently been appointed to handle the complete line of U. S. Tires in this district.

This includes a tire in every price class and every one is the world's greatest value in its field!

The line of U. S. tires we are now displaying includes the Royal Master, a tire for the man who wants the best regardless of cost—the U. S. Royal, a tire superior to any on today's market—the U. S. Peerless, a tire that outperforms any tire in its price class—all guaranteed for life!

We also have the Traxion, a remarkably durable tire for the man who wants the most mileage for the least amount of money.

Drive In for Gas, Oil, Greasing, Radiator, Battery and Electrical Service.
